

REACH and RoHS Statement of Compliance

February 15, 2024:

Helgesen Industries wishes to assure our business partners that we are committed to taking all appropriate precautions to prevent the use of banned substances listed Annex IV of Regulation (EC) No. 1907/2006.

Due diligence in the supply chain does not present any PBT substances incorporated into products manufactured at Helgesen, as listed in Annex XIII of Regulation (EC) No. 1907/2006.

Helgesen has not identified substances with restricted uses which are listed in Annex XVII of Regulation (EC) No. 1907/2006 in any manufactured products.

Helgesen is exempt from RoHS Directive 2011/65/EU per Article 2, 4. (C).

Helgesen is considered a downstream user of materials and substances in our products.

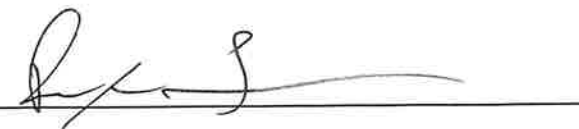

Our supplier selection process includes a requirement of compliance with the regulations listed in this declaration. We continue to monitor suppliers and ensure through due diligence that our products remain compliant with these regulations.

Sincerely,

Karl Knutson – Director of Engineering and Quality

Signed: 

Ryan Simonson – Chief Financial Officer
